

Grace and peace be with you as you take this opportunity to consider the services of Glorious Imprints.

In August of 2005 my wife and I, along with our church family, brought the "Destroy the Curse" Conference to Greenwood, MS. From November of 2004 when we first announced our intent, Sister Belinda Mayes was there as a consultant to my Administrative Assistant and an active ministerial administrator until the close of the conference. Her knowledge in developing conference material, web site design and production, compiling databases to track participants, composing letters and historical biographies as well as greeting and honoring distinctive guest was of great advantage to our ministry.

I strongly recommend that you give serious consideration to workings of her hands through this business. Belinda has great insight and is faithful to the work of the Lord.

Below is a publicity tool used for our conference to give you an ideal of the magnitude of this hosted event that Sister Mayes was such an important aid in administrating.

*May blessings overflow in your life.
